Explore English Reader

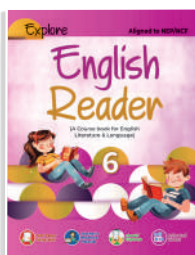

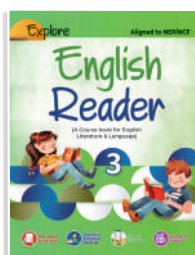

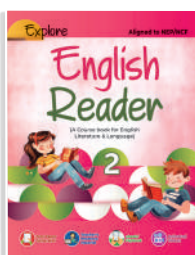

Explore English Reader is a series of English readers for Classes 1 to 8, structured and designed to address the challenges of teaching and learning English literature and language, which is taught as a second language in our country. This series is based on the National Curriculum Framework (NCF 2022) and the guidelines issued by the National Education Policy (NEP 2020).

This series includes the following features:

- **Listen and Learn** has been carefully planned to teach listening-based comprehension.
- **Speaking Skills** provides activities for building fluency and confidence in using language for spoken communication individually, in pairs or in groups.
- **Pen it Down** is a delightful, thought-provoking and stimulating assortment of guided and free writing tasks to appeal to the young learners to build functional and creative writing.
- **Creative Corner** brings the tasks that involve creative skills. It adds to the holistic development of the child.
- **Life Skills/Value Based Question** is a special section consisting of the tasks that the learners encounter in their daily life. These help synthesize, evaluate and analyse personal introspection in response to non-judgmental tasks.

Explore Knowledge World

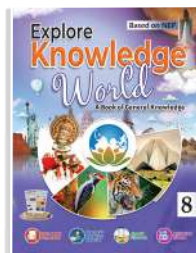

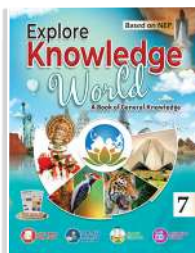

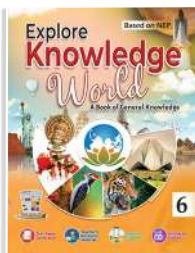

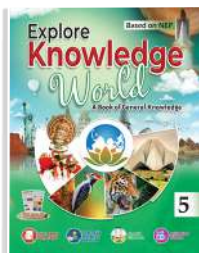

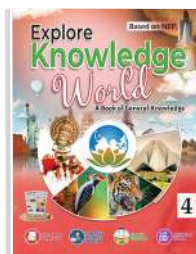

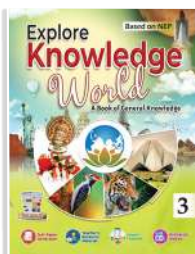

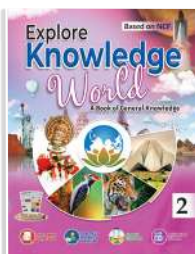

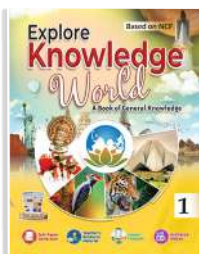

We are pleased to present **Explore Knowledge World**, a series of eight General Knowledge books for learners in Classes 1 to 8. This carefully graded series focuses on key skills such as General Knowledge, Thinking Skills, Creativity, and Personality Development.

This series includes the following features:

- A novel approach has been adopted.
- Gradation of the contents is according to the grasping power of the learners.
- Each topic is well-connected to the life and environment of the learners.
- Ample illustrations given for the learners to grab each topic in an easy way.
- A brief and ample information about the taught topic.
- Attractive pictures provided for better knowledge.
- **Fact To Know:** An information provided for the students' additional knowledge.
- **Help Desk:** It is very helpful in providing the options of the questions asked.

EXPLORE SCIENCE

Explore Science is a series for classes 1 to 8, aligned with NEP 2020. It offers multidisciplinary education through innovative methods and integrates Sustainable Development Goals (SDGs) with 21st-century skills (Communication, Creativity, Critical Thinking, and Collaboration). Focusing on STEAM subjects—Science, Technology, Engineering, Art, and Math—it aims to prepare students as global citizens for the future.

Inside the chapter: give a glance of topics that have been covered in the chapter

Know more: provides some interesting facts related to the topic. These facts are accurate and have an extra spark of inspiration Being Scientist contains questions related to children's real-life situations.

Project for you: is an extended learning which involves students actively by engaging them in real-world and personally meaningful projects. It encompasses STEAM environment besides giving opportunities to do the tasks on their own. It also covers scientific aptitude questions related to children's real-life situations which enriches learning is an interesting way followed with project or report working activities.

Value based questions: put the child on the path to good health and aims to foster love for the environment. It also covers value-based questions which develop a strong relationship with surroundings.

Key phrase: helps in explaining the important terms of the chapter.

Being Scientist: contains questions related to children's real-life situations.

Model test papers: are provided at the end of each book to assess students' performance. We hope that both teachers and students will appreciate our efforts. We warmly welcome any suggestions to enhance the value of this series. Your feedback and recommendations for improvement are greatly appreciated

Fact Up: provides some interesting facts related to the topic. These facts are accurate and have an extra spark of inspiration.

Key phrase: helps in explaining the important terms of the chapter.

Synopsis: includes a brief summary of the chapter in the form of important points.

Skill Based Questions: puts the child on the path to good health and aims to foster love for the environment. It also covers value-based questions which develop a strong relationship with surroundings.

Annual Test Papers are: given at the end of each book to test the performance of the students.

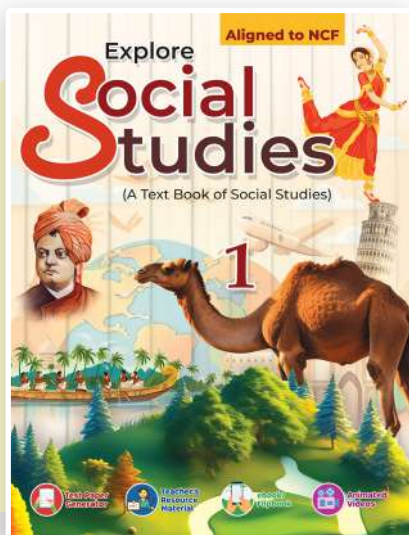

Fun Activity is an extended learning which involves students actively by engaging them in real-world and meaningful projects. It creates the STEAM environment besides giving opportunities to do the tasks on their own. It also covers scientific aptitude questions related to children's real-life situations which enriches learning is an interesting way followed with project or report making activities.

EXPLORE SOCIAL STUDIES

The Explore Social Studies series (for Classes 1-8) equips students with a strong understanding of the relationship between self, society, and the environment. Aligned with NEP 2020, it emphasizes project-based learning, critical thinking, and 21st-century skills. The series uses simple language, illustrations, and activities to foster conceptual understanding over rote memorization.

In this lesson, we will learn about: This section describes the topics of the lesson.

Get Set Go!: It is an exciting activity provided to arouse the interest of the young learners.

Are You AWARE?: It provides facts to improve the knowledge of the young learners.

Check Point: It is an extended query provided activity to encourage self learning.

Key Words: It gives the meanings of the difficult words in the chapter.

Things I have learned: It is the concise summary provided at the end of each chapter. This will definitely help the young learners in recapitulation and comprehensive learning.

HOTS: These encourage the young learners to think beyond literal questions as they promote critical thinking skills.

Image Based Questions: In this section, questions are formed on the basis of different types of pictures.

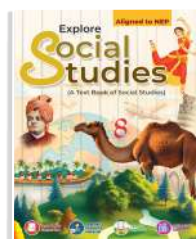

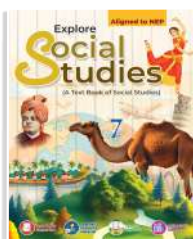

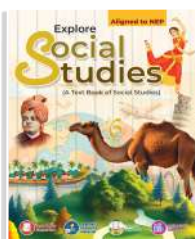

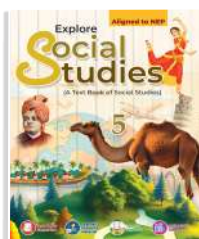

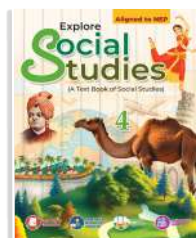

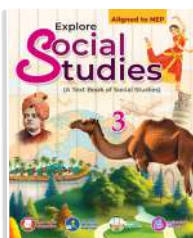

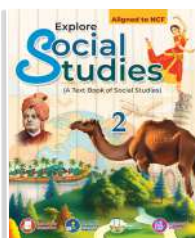

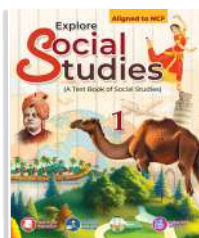

Case Based Questions: In this section, questions are asked on the basis of given paragraph.

Creative Corner: In this section, all the questions are based on NEP/NCF.

Life Skills: It's aim is to familiarise the young learners with dealing different situations tactfully and follow good behaviour

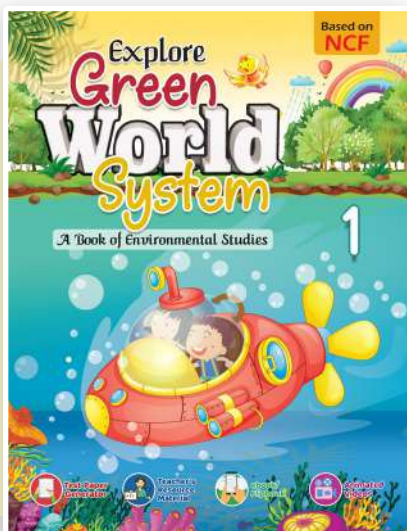

Test Paper: Divides the book into two sections and helps assess the understanding of students.

हिंदी पंखुड़ी

‘पंखुड़ी’ पाठमाला (1-8) इन्हीं सब उद्देश्यों पर खरी उतरती है। इस पाठमाला को तैयार करते समय हमारी यही कोशिश रही है कि विद्यार्थियों को प्राचीन परंपराओं से जोड़े रखा जाए साथ ही, उनका परिचय नए विचारों से भी कराया जाए। इस पाठमाला में विद्यार्थियों के व्यावहारिक तथा बौद्धिक स्तर को ध्यान में रखकर पाठ्य-सामग्री का चयन किया गया है। इसमें भाषा के आधारभूत कौशलों पर बल दिया गया है।

पंखुड़ी पाठमाला की विशेषताएँ

- ★ पूर्णतः राष्ट्रीय शिक्षा नीति की सिफारिशों के अनुरूप।
- ★ मानक भाषा व वर्तनी का प्रयोग।
- ★ रोचकता लाने के लिए विविध साहित्यिक विधियों का चयन।
- ★ प्रत्येक पाठ के अंत में शब्द-अर्थ, श्रुतलेख एवं उच्चारण, खेल-खेल में, बात-विचार व व्यवहार में, जीवन-कौशल आदि का समावेश किया गया है।
- ★ पाठों को स्तरानुकूल बनाए रखने का भरसक प्रयास किया गया है।
- ★ प्रत्येक पाठ की शुरुआत में ‘पाठ से पूर्व’ उप-शीर्षक के अंतर्गत, पाठ के बारे में संक्षिप्त जानकारी दी गई है।

- ★ पाठ के प्रति बच्चों में जिज्ञासा-भाव जगाने के लिए ‘प्रश्नोत्तर पाठन शैली’ उप-शीर्षक के अंतर्गत विद्यार्थियों तथा शिक्षक/शिक्षिका में संवाद स्थापित करने का प्रयास किया गया है।
- ★ प्रत्येक पाठ के अंत में भरपूर एवं विविध अभ्यास-सामग्री दी गई है।
- ★ व्याकरण बोध के अंतर्गत विद्यार्थियों का व्याकरण से भी परिचय करवाया गया है।
- ★ वर्तनी बोध के अंतर्गत ‘मानक वर्तनी’ तथा ‘प्रचलित वर्तनी’ के दोनों रूप दिए गए हैं।
- ★ ‘रचनात्मक गतिविधियों’ को भी प्रत्येक पाठ में शामिल किया गया है।
- ★ ‘यह भी जानें/बात-बात में जानें’ के अंतर्गत अतिरिक्त जानकारी दी गई है।

व्याकरण पंखुड़ी

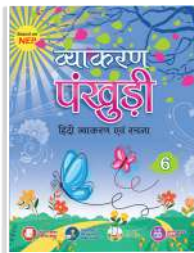

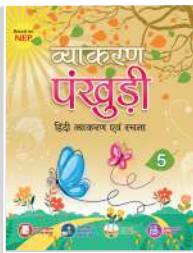

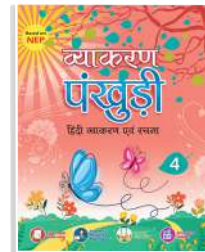

विद्यार्थियों के समक्ष 'व्याकरण पंखुड़ी' (1-8) पुस्तक श्रृंखला प्रस्तुत करते हुए हमें अपार हर्ष की अनुभूति हो रही है। सर्वविदित है कि भाषा ही ज्ञान का द्वार खोलने का सर्वोपरि माध्यम है, जिसके द्वारा हम विश्व के हर क्रियाकलाप से परिचित होने की योग्यता पाते हैं। भाषा शब्द की उत्पत्ति संस्कृत की 'भाष्' धातु से हुई है, जिसका अर्थ होता है बोलना, कहना या बताना। प्रस्तुत श्रृंखला भाषा को सरल व बोधगम्य रूप से प्रस्तुत करने का प्रयास है। हमारी यह कोशिश रही है कि बच्चे पुस्तक के रंगीन चित्रों और अभ्यासों के माध्यम से भाषागत विषयों को सरलता से ग्रहण कर सकें। भाषा के चारों कौशल सुनना, बोलना, पढ़ना व लिखना को ये पुस्तकें पूरा करती हैं। हमारा विश्वास है कि छात्रों को हिंदी भाषा का संपूर्ण ज्ञान प्राप्त करने और लेखन की योग्यता को विकसित करने में यह श्रृंखला उपयोगी सिद्ध होगी।

व्याकरण पंखुड़ी पाठ्यपुस्तक की मुख्य विशेषताएँ-

- ★ चित्रों के माध्यम से विषय को समझाया गया है।
- ★ इसमें दिए गए विषय का छात्रों के लिए सरलीकरण कर दिया गया है।
- ★ छात्रों को दिए गए विषय की अतिरिक्त जानकारी प्रदान की गई है।
- ★ आपने जाना कॉलम के अंतर्गत समग्र

व्याकरण पंखुड़ी (1 से 8 तक)

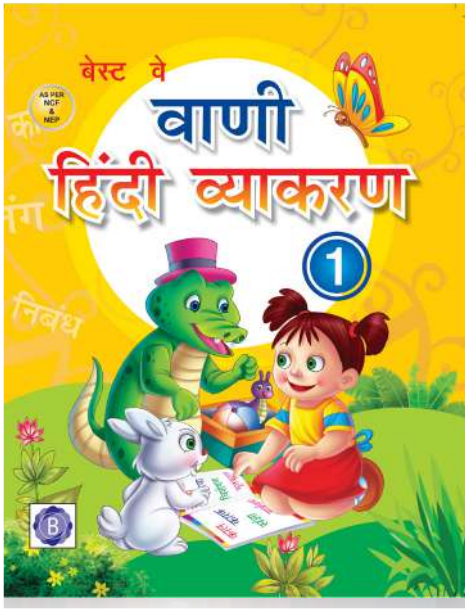

व्याकरण पंखुड़ी -1	978-93-95002-92-9	₹248	व्याकरण पंखुड़ी -5	978-93-95002-94-3	₹398

ART MAGIC

Art Magic is a series of eleven art and craft books for classes Nursery to 8. The series. The series includes a wide range of drawing, coloring, and craft activities suited to different age groups. The main objective of the series is to help young children understand the techniques and methods of performing art and craft activities using a simple, step-by-step approach. The art and craft activities in the books are designed to be simple and engaging, encouraging children to enjoy doing them. Parents are encouraged to supervise their children while they engage in art activities. Encourage children to perform the activities independently. Assist them with any tasks that involve cutting, piercing, or other potentially risky activities.

Our books are aligned with the National Education Policy, 2020 (NEP 2020). The policy emphasizes projects, activities, group work, class discussions, debates, role play, and project-based learning aimed at developing 21st century skills such as communication, creativity, and critical thinking. This series provides a rich range of exercises and activities, emphasizing conceptual understanding over rote learning.

The language in the books is kept simple, tailored to the students' levels. Photographs, maps, and illustrations are used wherever relevant to clarify concepts.
